

BRITISH SALT

VACANCY

PLANT IMPROVEMENT MANAGER

This new position is open to existing employees and is also being advertised externally.

Reporting to Richard Galbraith, Projects Director, you will be responsible for:

- Providing technical support to the Operations team
- Process efficiency monitoring / developing and implementing effective improvement solutions
 - Project management
- Performance monitoring / contact with external environmental organisations

Educated to Degree / HND standard you should have process plant and project management experience, with a proven record of achievement.

Computer literate you should be a problem solver and a good communicator with a strong attention to detail and able to influence others.

Applications in writing, stating current salary, should be sent to HR Director Mike Coulson by no later than 25 August 2010.

MIKE COULSON - HR DIRECTOR
